*Dear Randy,*

*I attended the MWEA training session at Eagle Eye last week and would like to thank you for the excellent session. Hopefully they will bring a session to the west side of the state. It was probably the most useful seminar I have attended in my 25+ years of working in this field.*

*I have taken your information and put it to use. As of the class I had 1555 emails in my inbox. As of yesterday at 1:25 p.m. I was down to zero. I have announced at the Senior staff meeting and the meeting with my supervisory staff that they should seriously consider attending the next time it is offered.*

I left the office yesterday with no new e-mails in my inbox!"*

### ***Finally, a full letter:***

Thank you very much for getting Randall Dean for our Marketing and Front Office Conference keynote speaker a couple weeks ago. Our members are still talking about his email tips for time management.

Randall has a great presentation style and kept our audience interested and entertained. I know I personally took back several tips that have saved me time and helped me become better organized. I took my email inbox from 1200 messages down to approximately 9 and know where to look for things right away now. That has helped me immensely.

Here's what a few of our members said about Randall after the conference:

- He had great tips!
- Trying to implement that today.
- EXCELLENT SPEAKER
- Love him, wish he would have had more time, he had great time saving ideas and I would have loved to have heard more!!
- Randall Dean was wonderful and MANY take-aways from this session. Highly recommended!!!
- He was GREAT!
- I loved his presentation - I would have preferred him to be the last speaker as he would have kept us more awake and energized at the end of the day!

Thank you again for bringing Randall Dean to our members. As noted above our members are interested in hearing more from Randall so I will be in touch with you again soon to bring him back.
